DESIGN: PACKAGING

Music is a passion of mine. Bringing your musical endeavor to life is an exciting opportunity to tell your story and to capture the essence of your music. Whether it's logo design, stickers, backdrops, full website, or the design and creation of your CD packaging, I can create a consistent brand that will become instantly recognizable. Let's talk and brainstorm about your vision and ideas.

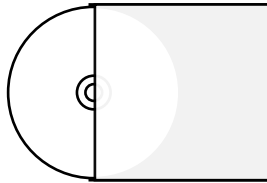

PACKAGING: PRICING

In my experience, DiscMakers has the most well-rounded production options and solid templates for every product. The design pricing below is based off of these templates, but is easily translated to templates provided by other vendors.

Jacket (2 Sides + Disc)

\$450

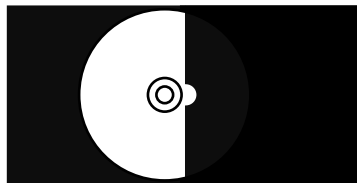

Disc design plus a simple sleeve,
design front & back
